

app.core.config.Config.server

```
graph LR; A[app.core.config.Config.server] --> B[app.core.config.Config.get]; B --> B;
```

The diagram illustrates a sequence of operations. It begins with a gray rectangular box containing the text 'app.core.config.Config.server'. A straight blue arrow points from the right side of this box to the left side of a white rectangular box containing the text 'app.core.config.Config.get'. Above the white box, a curved blue arrow starts from its top edge and points back to its top edge, indicating a self-loop or a recursive call.

app.core.config.Config.get
