

face_service.FaceService.register

```
graph LR; A[face_service.FaceService.register] --> B[log_service.add_log]
```

A diagram showing a call from the `face_service.FaceService.register` method to the `log_service.add_log` method. The source method is in a gray box on the left, and the target method is in a white box on the right. A blue arrow points from the source to the target.

log_service.add_log
